WHAT IS CONNECT-AI?

Using Artificial Intelligence (AI), Connect-AI is designed to curate social media posts from articles that pertain to your specific industry. It does this by finding the top engaging articles in your field, determines the most relevant, summarizes, curates, and posts an intelligent summary of that article to your social media pages. Using data that shows when most users in your market are active on social media, Connect-AI will also post during the most active times to help ensure that our articles will see the best traffic.

Save Money and Time!

Average Cost of a Social Media Manager

Phoenix	\$4,200/mo
National	\$4,600/mo
Connect-AI	\$1,500/mo
Savings	> 64%

Estimates from Glassdoor.com (Sept 2018)

UNIQUE TO YOUR COMPANY

Connect-AI, is not a one size fits all tool. Each variation is trained specifically to your company and field. This will ensure that each post is relevant to your company and field. You will never have to worry about forgetting to post, or struggling to find articles. This will save you time, energy, and money!

USE YOUR OWN CONTENT

Connect-AI does not need to use articles from the internet. If your company has articles, documentation, or blogs, Connect-AI can be pointed "inwards" and curate content from those. This will allow you to keep traffic coming to your site and provide better client retention and conversion.

BENEFITS

01

Keep active on Social Media while focusing on your business.

02

Never miss a post

03

Save time, energy, and money!

04

Have up-to-date content posted to LinkedIn, Facebook, and Twitter automatically - everyday
